TEMPE

The W. C. T. U. will hold an all day meeting at the Congregational church today, beginning at 10 a. m. The program for the day will be as follows:

Mr. Noble Carter of the Normal school, class of '01, has just received word from Superintendent Atkinson of the Philippine Islands, advising him that he has received a two-year appointment as teacher at a salary of \$1,600 per year. Prof. Matthews stated that he also received a communication from Mr. Carter, inquiring if he could furnish another teacher to take the position. He was very glad to hear of the appointment and the matter of appointments up last June. On account of the time that had elapsed, the appointment came as a welcome surprise. Noble Carter is well known in Tempe and his many friends wish him the best success.

The band boys are making arrangements to give a ball New Year's eve, December 31. They intend to spare no pains to make the affair a grand success.

Dudley Jones, a student of the Normal school, who resides at Lehi, has been quite ill with pneumonia for nearly a week. He is now improving slightly and it is sincerely hoped by all that he will soon be convalescent.

From our Lehi correspondent: The Fish Irrigating ditch company will hold a meeting Thursday, December 12, with a view of changing the head of the ditch to the Highland head. There is some question as to whether it will be advisable to do this without consulting with other interests.

Recent arrivals at Hotel Casa Loma are: L. W. Hagan, Pasadena, Cal.; Mr. and Mrs. R. P. Porter, Phoenix; Clyde Wilson, Phoenix; Oscar Kyle, Phoenix; David C. Clark, Wilmington, N. C.

You should place your order early for extras of The Tempe Republican Christmas number. Orders will not be accepted later than December 21. Extra copies only 5 cents each.

Previously reported: Miss Augustine, the sweet singer who accompanied the Rev. Merion Smith of the Central church, is reported seriously ill with typhoid fever at Phoenix, preventing her appearance in Tempe. The Rev. Mr. Smith visited Phoenix yesterday and returned on the 6 p. m. train.

Considerable interest is manifested in the new railroad being surveyed from Phoenix to Benson via Tempe and Florence.

Tempe is becoming recognized far and wide as the ideal home town of the territory. Lots may be purchased throughout the town at such reasonable figures that they are within reach of even a modest purse.

Should the new company and the board of supervisors combine on the matter of bridge building, the county constructing a wagon bridge at the same time the railroad bridge is built, they will be accomplishing a much

LAST OF NARE'S DISCOVERY.

It looks as though his majesty's ship "Discovery" was about to disappear from the navy list, for the vessel, which is now used as a store ship at Fort-Monmouth, is to be sold off and her crew turned over to the navy shore ship industry. The "Discovery" is a famous ship. She was built so long ago as 1872 at Dundee, and was intended for a whaler, these being the primary days of the whaling industry. She was, however, bought by the British government and took part, along with the Alert, in Sir George Nares' famous expedition to the Arctic regions in 1875. The "Discovery" passed the winter in what was then named Discovery Bay, while the Alert was held fast in the ice some distance further north and many miles from land. The explorers went north in sledges, and reached the most northerly point attained up to that time, namely, 82 degrees, 10 minutes, 15 seconds north.

Since her return to the navy she has been used as a store ship. She is a three-masted wooden schooner, and has engines of 500 horse power. —Newcastle Chronicle.

SOLACE.

The girl who loves to giggle
Is the best of all the girls.
But she's infinitely better
Than the girl who loves to cry.

The man who loves to blather
Off may play a scurvy trick.
But he's infinitely better
Than the man who loves to kick.

And so, throughout existence,
This comfort we may nurse,
There's nothing so unpleasant
But that it might be worse.

The taxpayers of Syracuse, N. Y., are complaining because the Municipal building house supplies ramps with tracks which cost the city 40 cents each. It is pointed out that the average walk-to-do business man of Syracuse spends only 15 cents for lunch, while the vagrants are 50 per cent better fed at the public expense.

There are now fifteen independent colored churches in Boston where thirty years ago it was difficult to support one, says the Boston Transcript. "The colored people are not crowded out of the white churches, although very few attend them now, but they prefer to worship by themselves. One reason for this is that education has lifted more colored people to be leaders of their own people and pastors of their own churches."

Out in Holston, Kan., where is a rabid prohibitionist who believes himself to be a much abused man. Almost every day or so he receives word that some St. Joseph or Kansas City liquor dealer has been arrested by a C. O. D. A flag of whiskey. Of course he has never captured it, nor does he ever think of it, but other parties come along, sign his name to the receipt, pay the bill and take the whiskey.

In order to encourage marriage in Seattle all young persons with at least 2,000 dollars in the government savings bank were until recently presented upon their wedding day with a handsome premium from the bank directors. The consequence was that all these young people, upon reaching the age of 21, were married. The directors frequently followed as soon as the money was run through. As there is thus no chance of the expected increases in the population, the generous premium has been withdrawn.

WILLING TO PLEASE.

A certain lawyer here in town employs a stenographer who has the most wonderful codden and the most elaborate penmanship in all the business world. She has a personal theory of punctuation, and her spelling is marked with an engaging originality, but she is even tempered and only slightly annoyed by saying a word like notice of such eccentricities. One day she had before her employer a neatly typed letter to a southern correspondent. Before signing it he glanced over it.

"See here," he said, "you've spoiled my letter." At the same time he placed the typewriter glanced at the sheet and smiled.

"Dear me," he said, "How careless of me! Why, I've left out the 'A'." —Washington Post.
